Tracking Your Order

There are two ways you can track your order that has been placed with Coloured Contacts.

- If you have a customer account, please [Log In](#), or, you can head straight to your [Order History](#) to select the order you wish to track.
- If you checked out with a guest account, please enter your email address and order reference on our [Guest Tracking](#) page.

Customer services will only be able to provide the information as detailed on a customer's tracking page. Any enquiries regarding tracking may only be replied to with these instructions on how to access the tracking information pages.

Please note: The tracking information may differ between orders due to different couriers being used as postage methods.
